Pure

We used 100% organic laurel tree leaves grown in the clean region of Jeju Island to capture the clean essence of nature itself.

Contains laurel tree leaf water (97%) and ceramide complex

Fresh

Fresh laurel tree leaves are extracted as soon as they are picked to capture the freshness of nature.

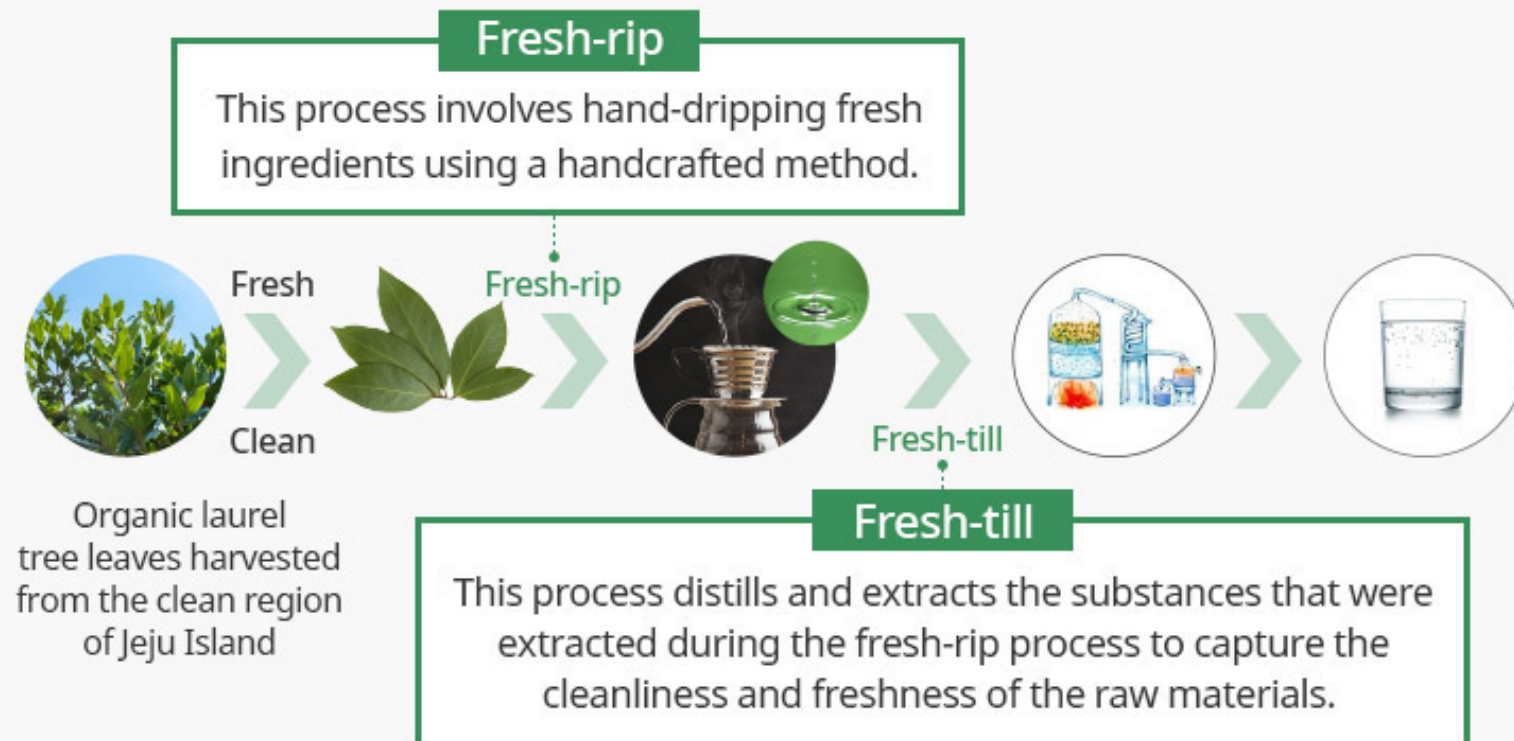

Double Extraction

The rich effective ingredients of laurel tree leaves are contained through a careful and precise extraction process that is performed twice.

Step 1 "Hand-drip Extraction" from the fresh-rip process

Step 2 "Distillation and Extraction" from the fresh-till process

What are laurel tree leaves?

Laurel tree leaves are herbs that symbolize enduring health and have been widely used for health and beauty around the Mediterranean Sea since ancient Roman times.

Laurel tree leaves contain 'terpin' and 'curcumin,' which treat skin problem areas and also help soothe, purify, and liven up the skin.

They provide hydration and moisture to help relieve the skin of the itching caused by dryness.

The unique natural fragrance of laurel trees contains 'eucalyptol,' which is known to relieve stress and tension and breathe life into dry skin.

Spray over your face after cleansing
or whenever your face feels dry.

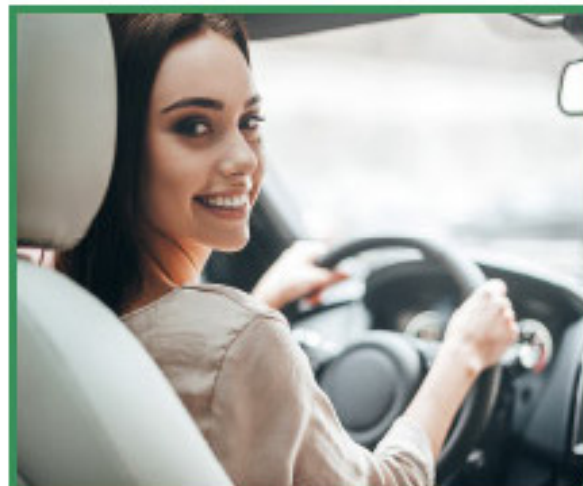

which is known to relieve stress and tension
and breathe life into dry skin.

After cleansing

At the office

In the car
